10 June 1959

MEMORANDUM FOR: Members of the Scientific Intelligence Committee

SUBJECT : Nature and Possible Significance of Various High Altitude Phenomena

1. Transmitted via Special channel is a memorandum from the JCS member, dated 5 June, which summarizes background information on the subject and, in amplification of U. S. Intelligence Board action taken on 2 June at the request of the Director for Intelligence of The Joint Staff, recommends certain action by the Scientific Intelligence Committee.
2. In connection with action recommended by Captain Carter, the SIC, through interim action, has undertaken preparation of a report on the subject and has asked CIA to prepare a draft paper for review by the Committee.
3. Discussion of the subject will be on agenda item of the SIC meeting to be held on 25 June.
